Description :

PDF-178f1 | Teva Harrison was diagnosed with metastatic breast cancer at the age of 37. In this brilliant and inspiring graphic memoir, she documents through comic illustration and short personal essays what it means to live with the disease. She confronts with heartbreaking honesty the crises of identity that cancer brings: a lifelong vegetarian, Teva agrees to use experimental drugs that have been tested on... *In-Between Days: A Memoir About Living with Cancer*
