Description :

PDF-c1f75 | In the 1970s, best friends Polly and April collect hazy knowledge about the “facts of life”—sex, reproduction, and gender norms—through the gossip of older girls, magazines and books, and the everyday behavior of their families and teachers. What they learn reinforces their assumption that they will grow up to become mothers. As the years pass, they each choose paths that they believe will... *The Facts of Life (Graphic Medicine)*
